NEW TEDDIES DAY NURSERY TO OPEN IN COULSDON

Teddies Nurseries, part of BUPA the UK's leading health and care organisation, is to open a new nursery in Coulsdon at 48 Chipstead Valley Road on the 18 April 2005.

The newly refurbished building has undergone extensive work to create a modern, spacious nursery, which will provide care for children from three months to school age within a secure and friendly environment. The new nursery will have the facilities and staff to provide flexible day care children aged from three months to five years. The nursery offers parents the convenience of ample on-site parking.

Chris Edwards, BUPA Teddies property director comments: "There is a high demand for quality childcare within the local area and BUPA is delighted to be able to provide parents with an exceptional nursery which is conveniently located close to the town and the local train station.

"Our nursery will provide children with the very latest Teddies facilities within a stimulating learning environment. There is also secure gardens surrounding the nursery for outdoor play as well as quieter areas where they can relax and enjoy gentler activities. Any parents who are interested in finding out more about Teddies are extremely welcome, and we would be very happy to arrange an appointment for them to visit us."

At Teddies, the innovative SMILE (Stimulating, Motivating, Imaginative, Learning Environment) programme helps children develop in a fun and imaginative environment, while fully meeting the foundation stage of the national curriculum.

Each Teddies nursery is registered with OFSTED, the Government office for Standards in Education, and Teddies nurseries have achieved excellent OFSTED reports.

Parents wishing to find out more about the new Teddies Nursery should call: 0800 980 3801 or visit www.teddiesnurseries.co.uk
